Standalone bushfire plan 2021-2022

North Mandurah Primary School

Purpose

The *Standalone bushfire plan* document is a detailed plan of how your school is to prepare and respond to a catastrophic fire danger rating alert or to a bushfire event.

You must complete this template to have a plan in place to respond to a bushfire emergency until, during and after the attendance of Emergency Services. This plan is to be read in conjunction with the Department of Education *Principal's guide to bushfire*.

All staff, students, contractors and visitors on the school or facility site are to follow this completed plan in the event of a bushfire emergency. All other emergencies are to be managed in accordance with the school's [incident management plan](#).

You are required to complete and lodge your plan online by the 31 August, before the bushfire season begins.

Pre-emptive (planned) school closure during the bushfire season

[School name] has been placed on the Department of Education bushfire zone register as it is located in a designated bushfire risk area.

If a 'Catastrophic' fire danger rating has been declared for the [City/Town/Shire] of [name of your school's local government area], a school **MAY** be required to invoke a pre-emptive (planned) closure. A 'Catastrophic' fire danger rating poses a significant threat to the school if a fire starts, it is likely to be uncontrollable, unpredictable and fast moving.

Parents will receive a text message to inform them of a possible Pre-emptive closure of the school.

The final decision to pre-emptively close the school will be confirmed with the principal no later than 4.30pm on the day before the pre-emptive closure. If the forecast changes after the 4.30pm deadline, the school remains closed to limit confusion within the school community.

Parents will receive a text message to either confirm or reverse a Pre-emptive closure of the school.

Typically, schools will only be required to close for a day at a time. However, this will depend on changing weather conditions. Parents will receive a text message to advise if the school will reopen the day after the pre-emptive closure, or whether it will remain closed.

Parents are encouraged to monitor official bushfire information sources for current information about fire danger ratings:
